Join us this May for National Foster Care Awareness Month. May, a usual time for the welcoming of the spring season, graduations and new beginnings, is also a time to celebrate and support youth in Tabor’s Foster Care, Mentoring, Life Skills and Adolescent Programs who are between the ages of 17 and 21 and are preparing to “graduate” the child welfare system to independent adult lifestyles.

The children and youth supported through this event have experienced abuse or neglect and are in need of resources, homes, mentors and life skills training so they can prepare to successfully transition out of the child welfare system and into independent adulthood. The proceeds from this event will assist more than 800 local children and youth.

Tabor Children's Services

is a nonprofit community-based child welfare organization that secures supports, resources and permanent connections for children and youth within their own community and culture so they can overcome life's challenges and reach their full potential. Tabor is a true "family of services" as it provides a comprehensive range of programs that ensure children, youth and families are safe and secure in their homes and in their communities.

Providing services to approximately 1,300 children and families annually throughout Bucks County, Philadelphia and the Lehigh Valley, Tabor is one of the few agencies with dedicated programs for both children who have endured abuse and neglect and young adults who are "aging out" of the child welfare system.

Founded 1907 as an orphanage, Tabor's vision has led to a rich history of serving children and families in need and now serves as a multi-service community-based organization providing in-home familial support services, foster care, adoption, adolescent life skills programs and mentoring.
