Mission

Tabor Children’s Services is committed to providing culturally-competent, cost effective quality services that ensure the safety of children, youth, adults and families; enhance the development of children and youth; secure the children’s right to permanent families; foster the integrity of the family; and promote the mental health and improved functioning of children and adults seeking stability and independence.

Vision

Keeping children safe, strengthening families and promoting independence

History

In operation since 1907, Tabor’s vision has led to a rich history, growing from a small orphanage to a multi-service community based organization offering a wide-range of community-based services to children and their families. Tabor is a full member of the Council on Accreditation for Children and Family Services and an affiliate of Woods.

About

Tabor Children’s Services (TCS) is a non-profit community-based child welfare agency that provides a comprehensive range of community-based services to ensure children are safe and secure in their homes and communities. Tabor is one of the few agencies with dedicated programs for both children who have endured abuse/neglect and young adults who are “aging out” of the child welfare system.

Tabor Community Partners (TCP) Tabor Children Services’ affiliate, Tabor Community Partners (TCP), contracts with the Philadelphia Department of Human Services (DHS) to serve as the sixth Community Umbrella Agency (CUA) for the 5th and 14th police districts in the Northwest Section of Philadelphia. As a CUA, TCP manages cases in this region to provide community-based service delivery to children and families.

TCP provides stronger protection for vulnerable populations in efforts to support the Improving Outcomes for Children (IOC) initiative set forth by DHS.

The shared vision of Tabor Children’s Services and Tabor Community Partners has resulted in a network that helps the most vulnerable children and families within our community. This network supports the IOC initiative where the community is strengthened through partnerships and communities working together to build upon resources.
